### About Mojacar:

Mojacar is an engaging, beautiful and romantic corner of Spain. The town itself is perched high on a hill with white-washed houses, cool courtyards and cobbled streets overlooking the sea and long sandy beaches. A focal point for artists and writers throughout the ages, Mojacar with its Moorish appearance and commanding views will fascinate, beguile and completely captivate you.

Mojacar Playa offers 7 km of sandy beach with at one end 'Tower Bay' with its coves and clear water to Garrucha a fishing village with harbour and marina at the other. In-between there's a wide range of facilities including beach bars, restaurants and water sports.

Whether it is sailing, fishing, bowling, tennis, golf (four courses), walking in the beautiful mountains or watersports that take your fancy or simply relaxing on an uncrowded beach soaking up the sun, you will find it all and more in and around Mojacar.
